

**WHAT IS WAV?** WAV is a group of passionate and committed women who are dedicated to providing advocacy, awareness, volunteerism, financial support and networks of connections to enable Samaritan House to succeed. This collection of empowered women also helps spread awareness for the services the organization provides and encourages involvement in multiple facets of the organization. WAV members pledge to lead the charge to help Samaritan House foster personal safety, growth and self-sufficiency in adults and their children throughout Hampton Roads through freedom from sexual assault, domestic violence, human trafficking and homelessness and raise awareness and involvement throughout the community.
